SHIELD 1973

Brenda,
I hope you have a lot of luck with your job and Dean if you two stay together. I hope we always remain good friends and you better write to me this summer. Good luck in the future years. Take care of your selve, and stay out of trouble which you very seldom get into.

Love always

Brenda,
It's really been nice knowing you the past years. Keep in touch with Fred. Good luck in the years to come

Brenda

Sorry I've got to hurry up and make this quick because I have to take you and Dean to work. I don't know exactly what to say except that I really do enjoy having you in my classes. Too bad you didn't make it to my party. Don't feel bad though because only you know what you were doing instead, but I can imagine.

Kit Green

I have always been so nice to me and you are friendly to everyone. I hope that in the future you are happy Love D

Jane

Brenda

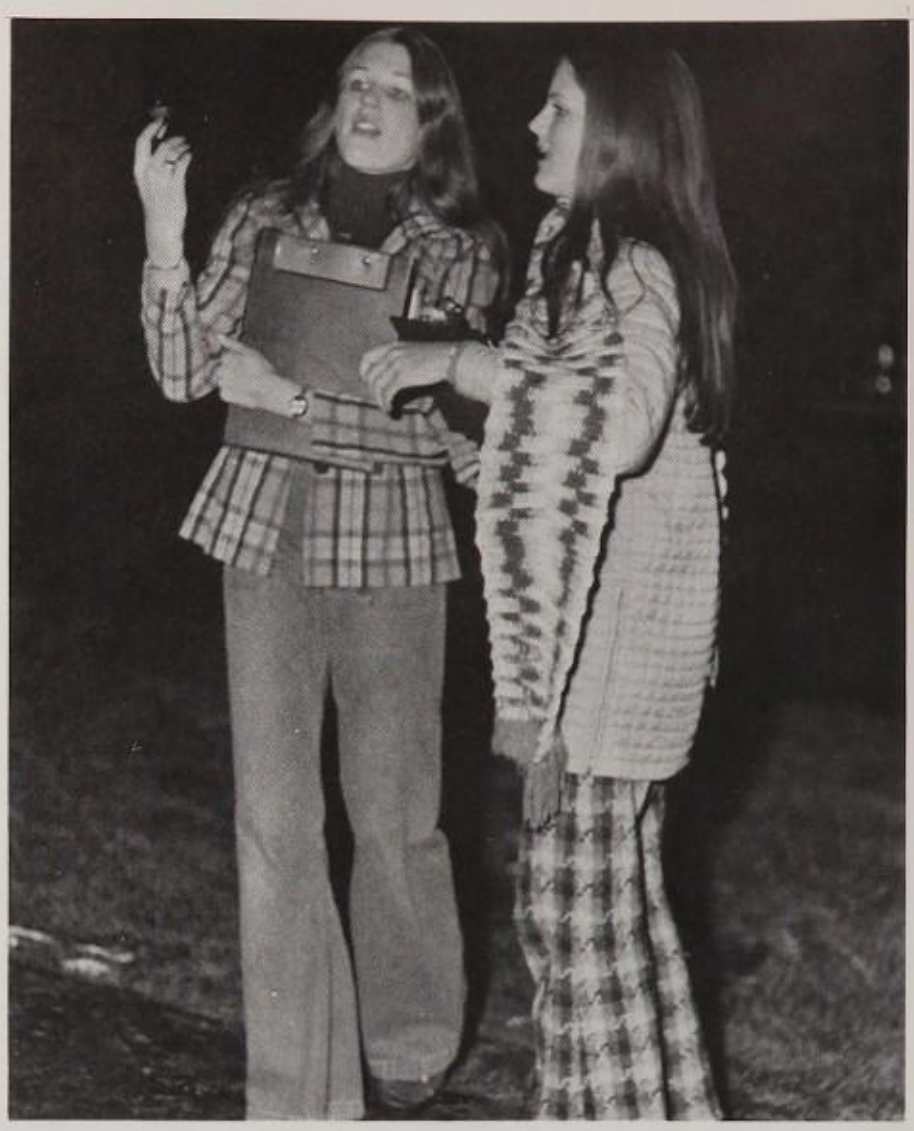
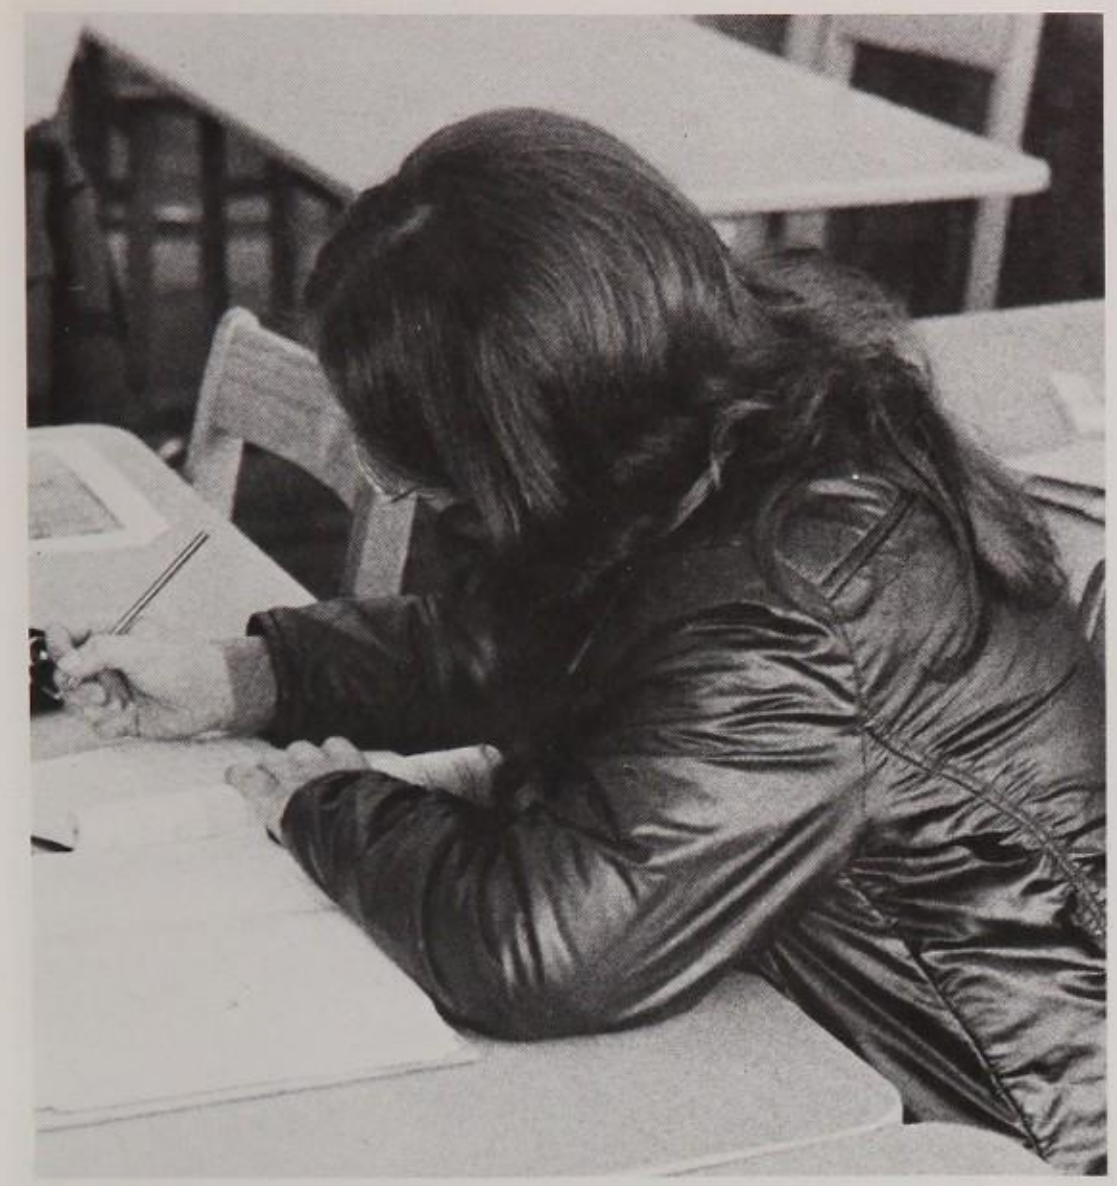
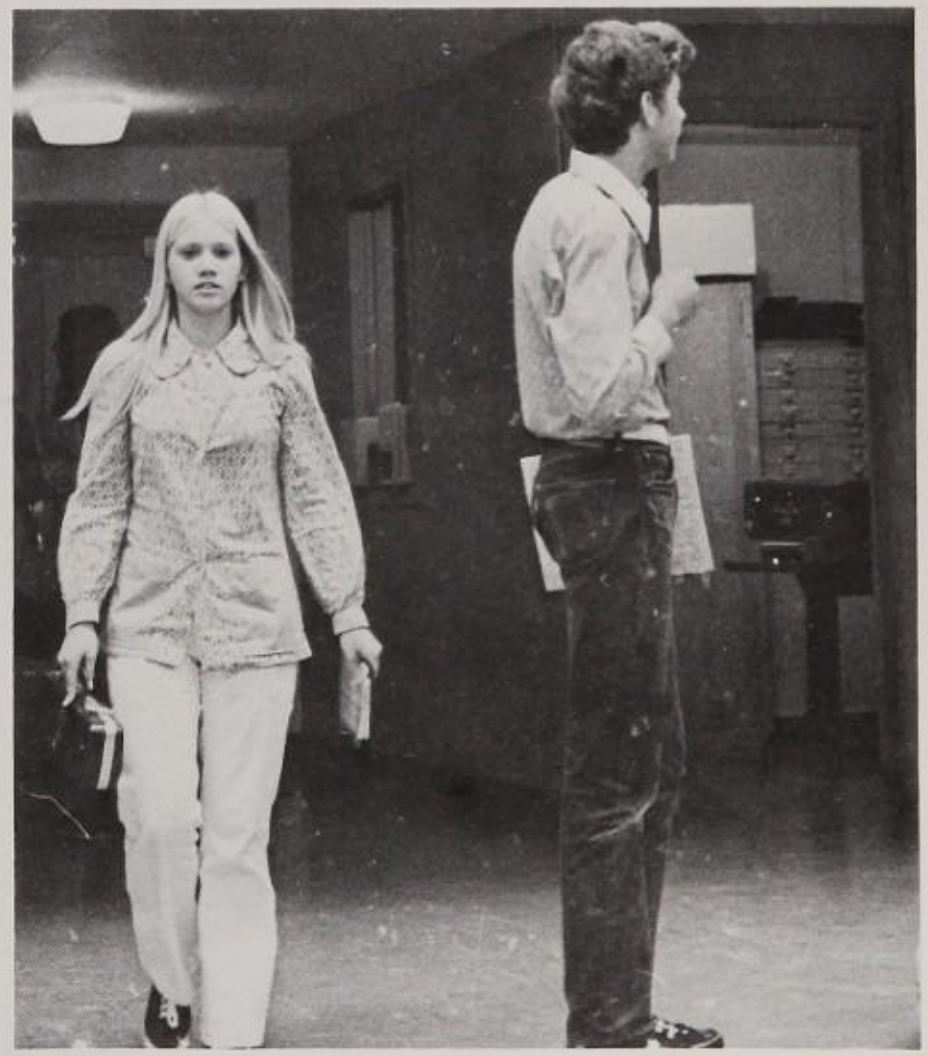
VOLUME 17



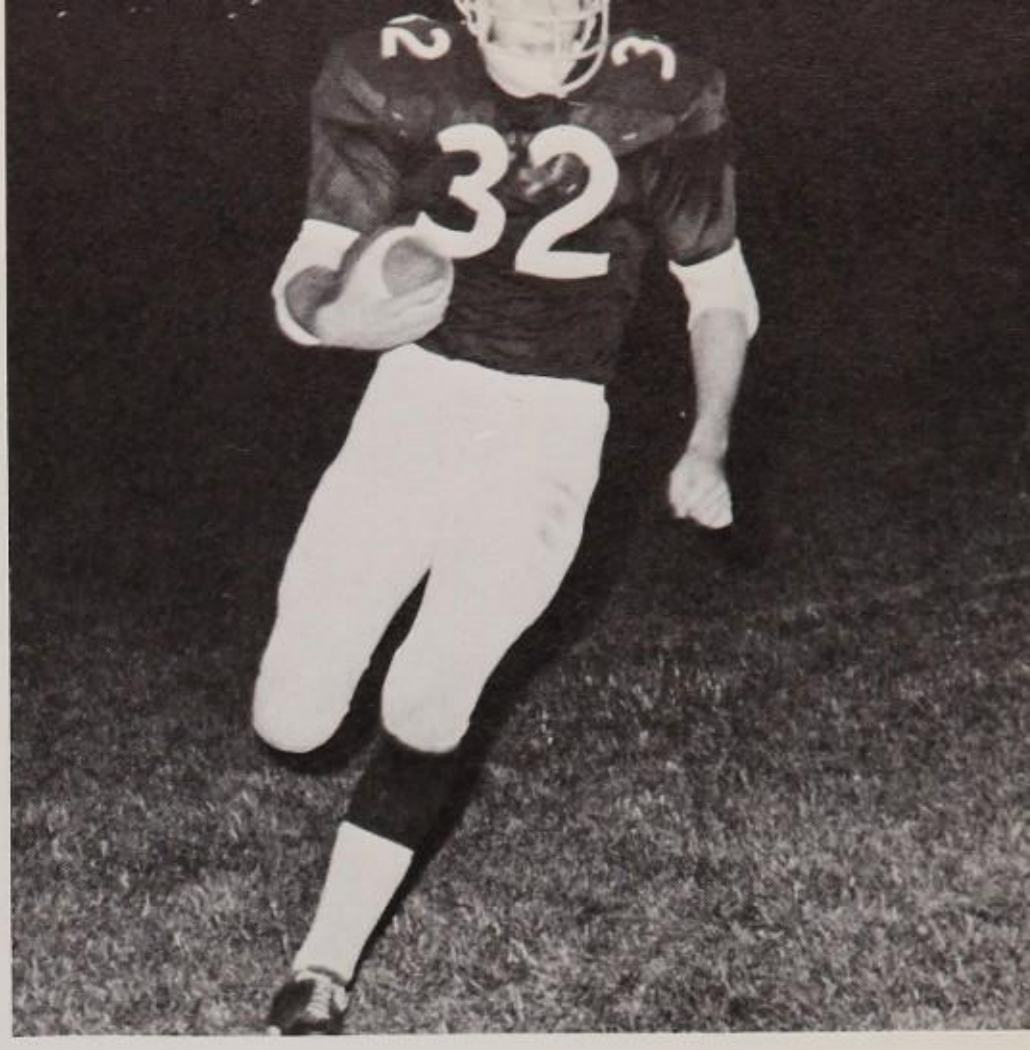
There's a golden chain
of memories, that unites
our hearts together.



A chain so strong it
holds you fast, thru
fair or stormy weather.

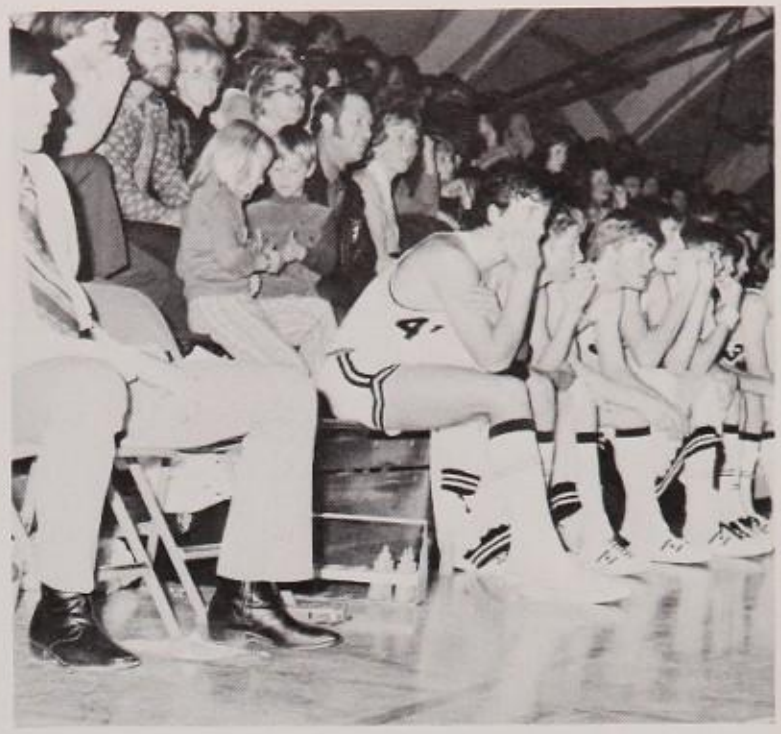


Its links are forged of
love and trust of
happy moments shared.



Of times it meant so
much to know that
someone special cared.

The years can never
break the chain but
only add new length.



As joys and sorrows,
hopes and plans, combine
to give it strength.

The ASB officers were elected in January to serve their one year term in the court. During their term they consulted with each other about the activities the school took part in, such as pep assemblies and money making projects. Advisor, Dwight Scheyer, helped the officers.

Supreme Court Takes Authority

Supreme court took the responsibility of the parking and traffic outside of East High School. This year to help diminish the traffic problems, each student and teacher were assigned parking places for their cars. Mr. Freese helped the court with their decisions.

Opinions Voiced In

One person from each class was voted to represent them in the House of Representatives. Mark Hildebrand, Speaker of the House, brought up many ideas for the students to discuss among themselves and to vote on. The Representatives took the ideas to class so the students could vote. This year the House of Representatives was a real and truly successful organization at East.

Service; Word For Girls

Girl's Club started with change this year as the colors of red and blue were replaced with green and blue. Their activities were many. They ranged from money making to service projects. Some of these were candy sales, luncheons, visits to rest homes, and selling basketball programs. The advisor was Mrs. Spitzer.

French Club Dinner A Success

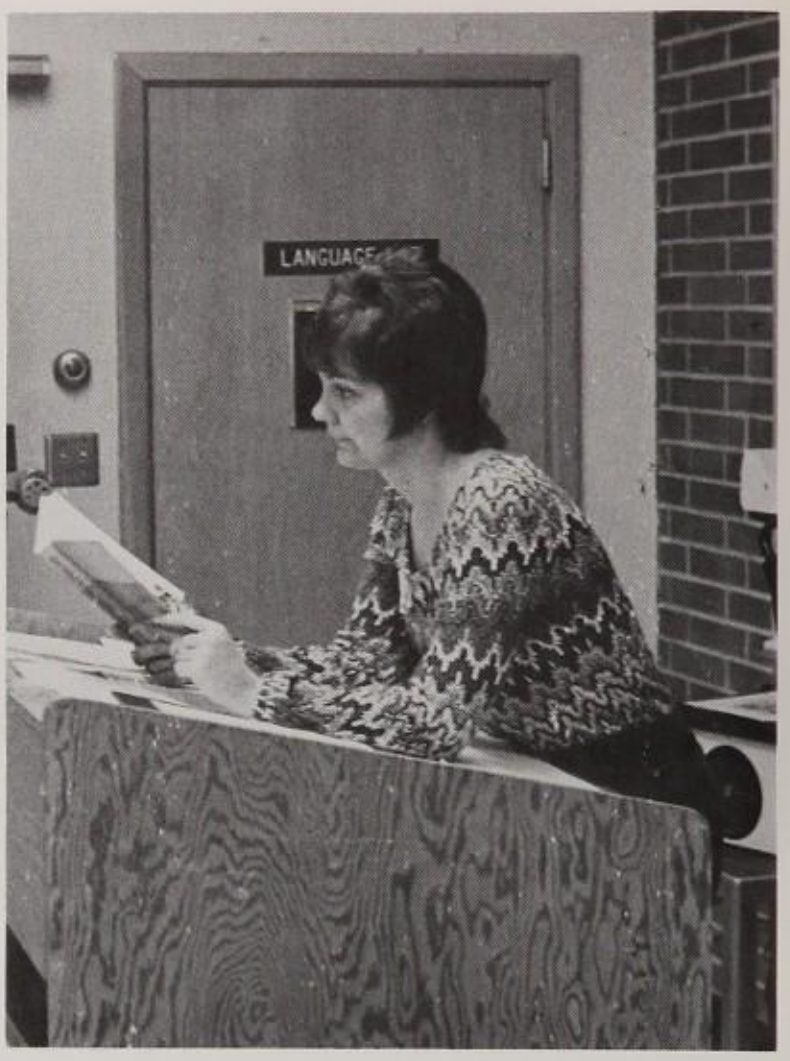
German Club Travels to Vancouver



Besides entering a float in the homecoming parade the German Club also made a big trip to Vancouver B. C. In order to finance that trip the club had to raise almost $300 from program sales and concession stand earnings. Without the help of its many members they could never have succeeded.

Pep Club Activities Promote Spirit

Selling buttons and painting signs were some of the many spirit promoting activities the Pep Club performed. The Club started off the year with a potluck diner for all members and went on to provide the football and wrestling teams with refreshments of apples and oranges. The Club, with Mr. Stelson as advisor, had a very good year.

This year's Shield Staff was composed of seven Seniors, four Juniors, and three Sophomores. Drawing lay-outs, composing head-lines, writing copy and cropping pictures are just a few of the tasks the staff members had to perform. These tasks were performed one hour each day, plus staying after school and working on weekends when dead-lines were near. The staff feels that this year's Shield is very unique and hopes you will enjoy it.

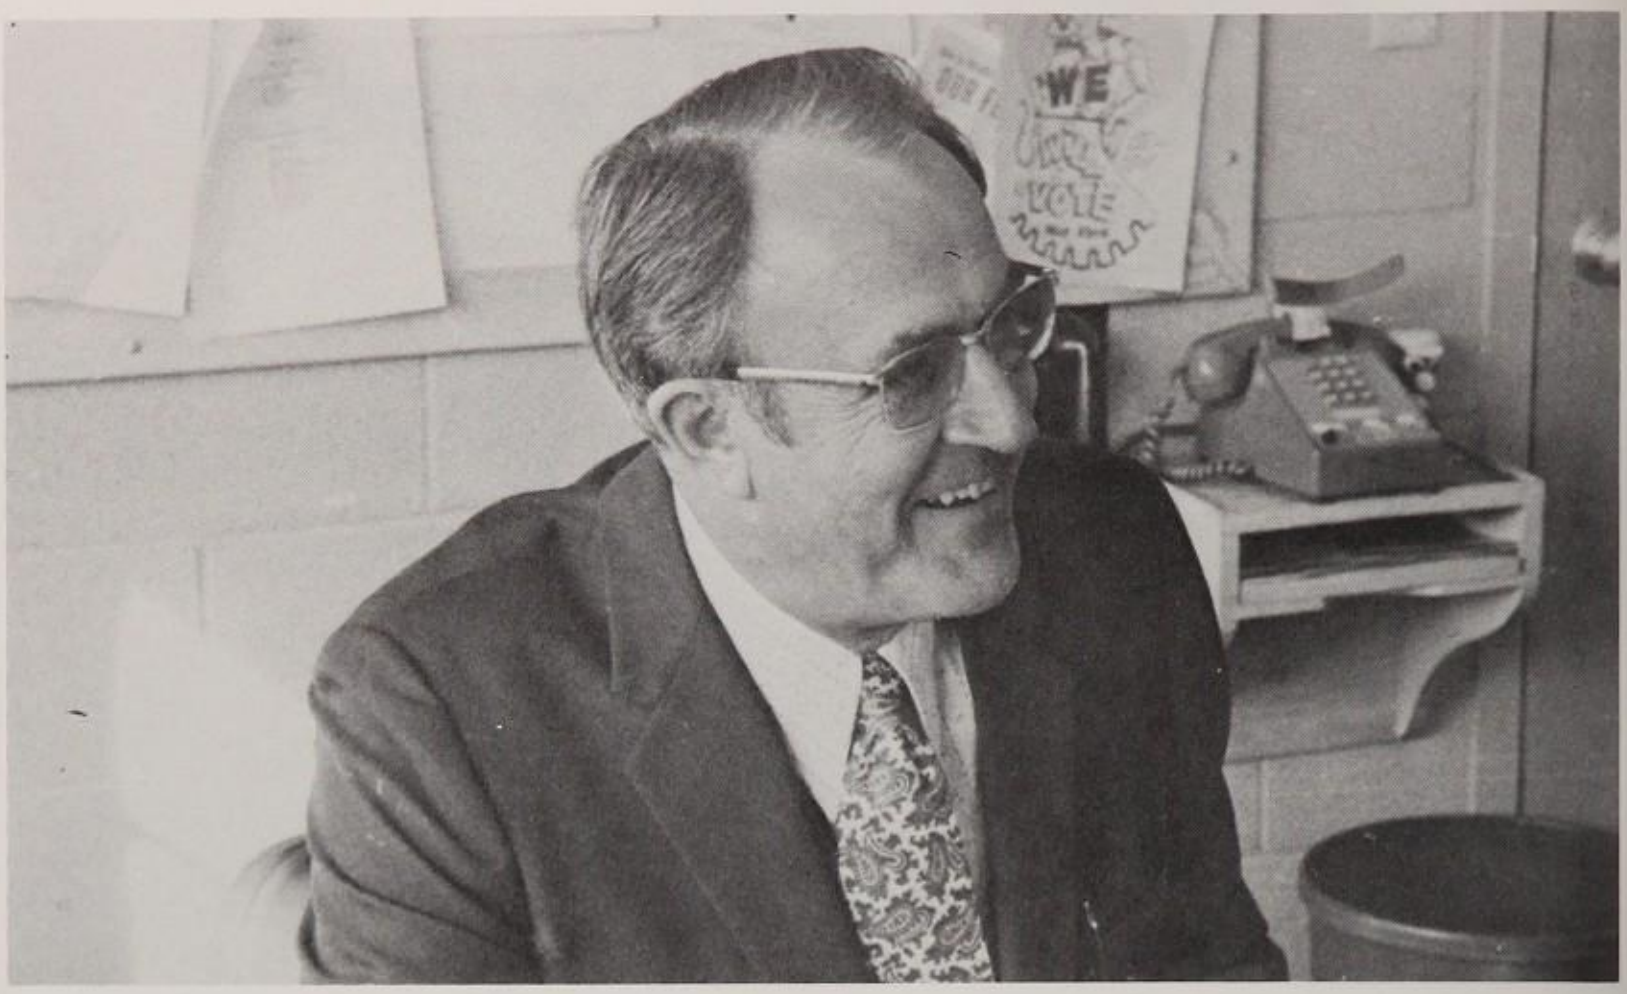
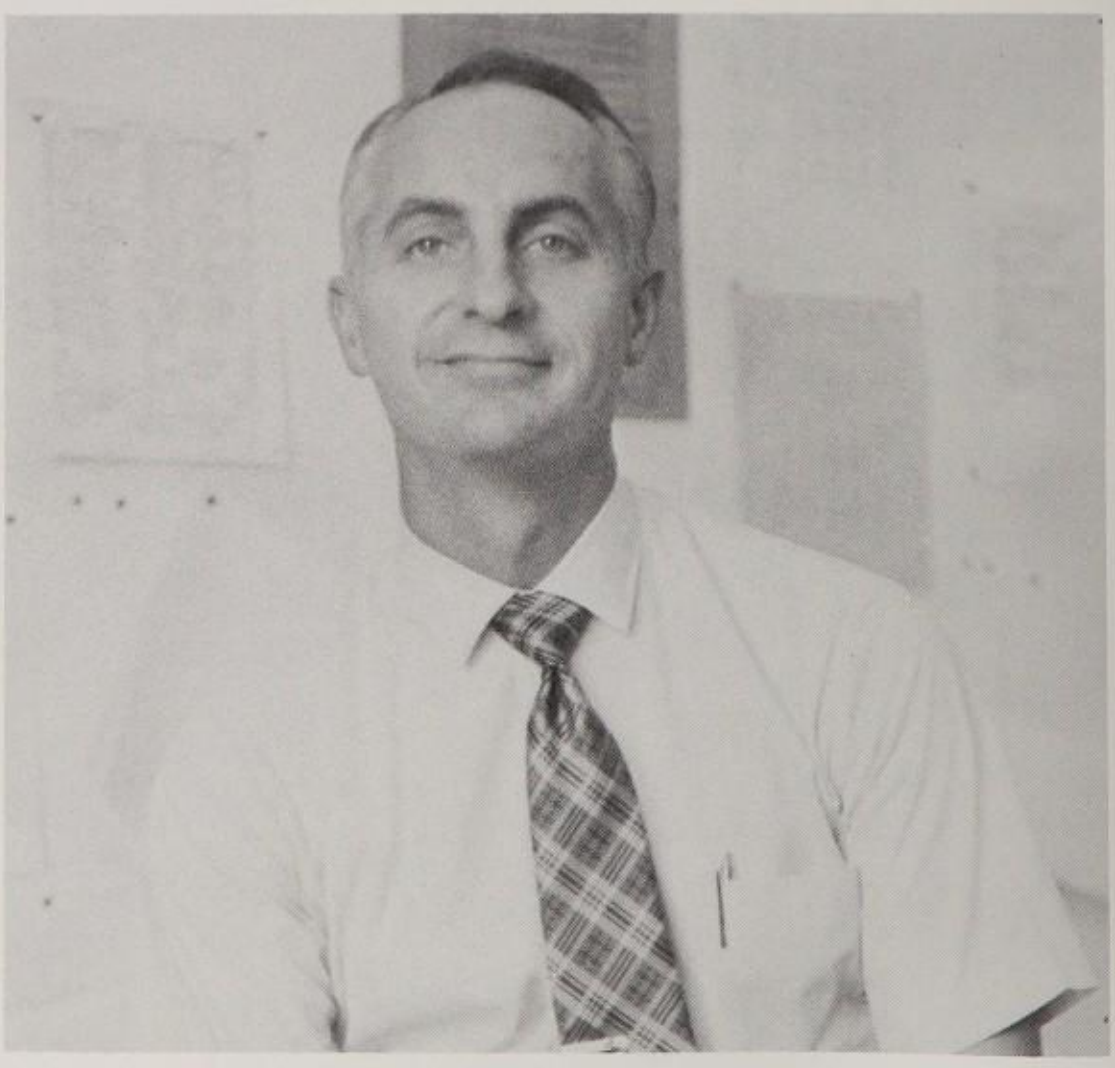
ESTABLISHMENT

Challenge Of Leadership Met



Mr. Dwight Scheyer

This year Mr. Scheyer was again the principal of East High, with 17 years experience to guide him. He has seen many students come and go and has experienced several fads. The needs of the students have changed but they still provide a challenge. This year again Mr. Scheyer was assisted by Mr. Freese. This was Mr. Freese's second year at East High and he has shown that he is more than capable of meeting the challenge of vice-principal. In attempts to improve student faculty relations, Mr. Scheyer and Mr. Freese could frequently be seen conversing with students in addition to attending House and Senate meetings.

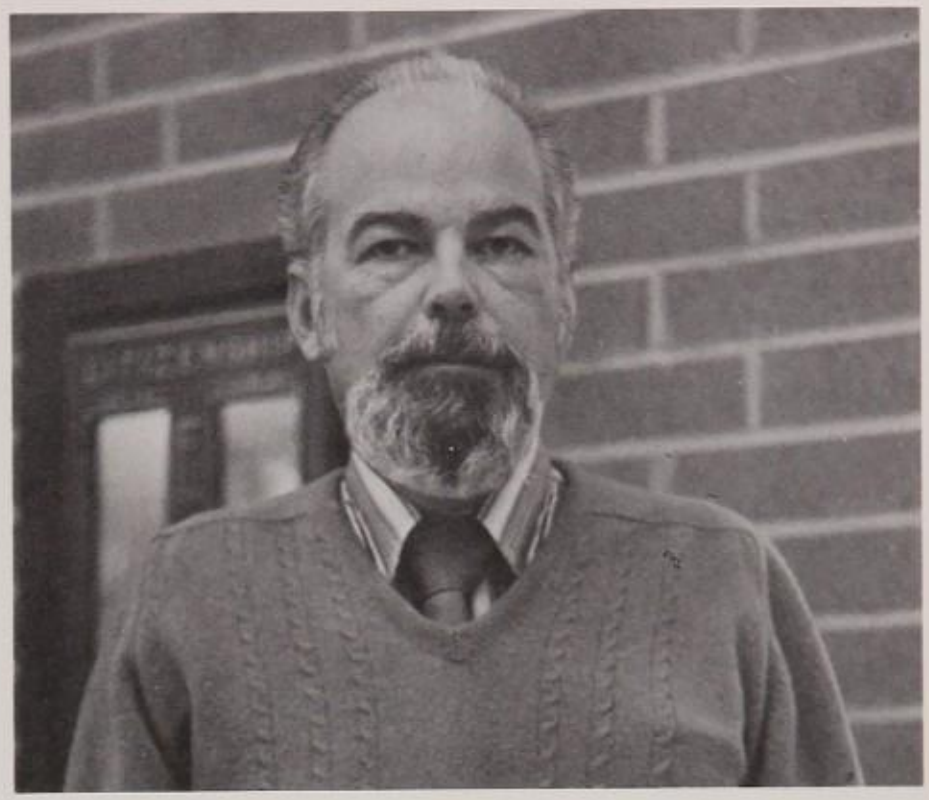


Mr. James Freese

Mrs. Corinne Spitzer

Mr. Cornelius Spinola

Aid Available



Mr. Gordon Berry

Throughout the year the counselors, Mrs. Spitzer, Mr. Berry, and Mr. Spinola could be seen helping students arrange their schedules and accumulate the credits needed for college, and to graduate. In addition to academic counseling they were helpful to the clubs. Mrs. Spitzer was Girls' Club advisor and Mr. Spinola served as advisor for Boys' Club.

Tasks Perfected By Secretaries

East High secretaries put in many long, hard hours in the office this past year. Besides keeping the school business in orderly records, the secretaries were kept busy answering phones, assisting the counselors, writing bulletins, and attending to student's questions and problems.

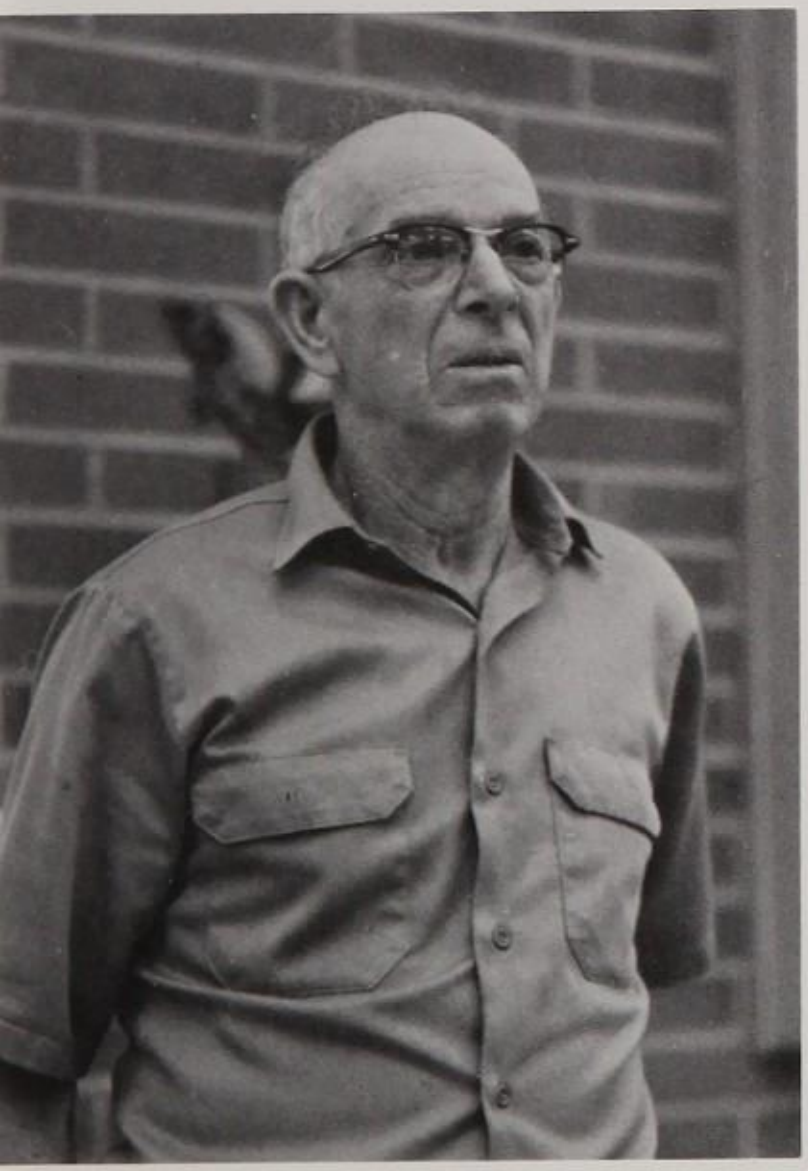
Necessary Jobs Done Well

Front row: Mrs. Sybil McAuley, Mrs. Evelyn Stouffer, Mrs. Renee Knapp, Mrs. Jackie Love, Mrs. Barbara Battaglia. Back row: Mrs. Jewel Longstreet, Mrs. Jerry Thompson, Mrs. Iva Mussman, Mrs. Rosemary Miller.

This year's cooks and custodians spent many hours doing the necessary jobs at East. While the cooks spanned, prepared, and cleaned-up after a variety of well-balanced lunches, the custodians were kept busy at work sweeping floors, dusting shelves, and putting buckets under the dripping roof.



Mr. Gerald Frost

Cafeteria has more than one use.

Towards A Future Of Understanding

Keeping in step with the ever changing times the Social Studies Department offered a variety of courses ranging from economics to Sociology and including courses such as Youth in the System and Psychology. With the emphasis on the future the students found the classes challenging and stimulating. Courses in United States History and World Geography lead students to fuller understanding of the people of the world with modernization the continents are always growing closer and the importance of communication and understanding increasing. The teachers of Social Studies arose to meet this challenge and encourage students to seek out information for themselves preparing them to assume the responsibilities of the future. Students worked in the community through tourtering programs.

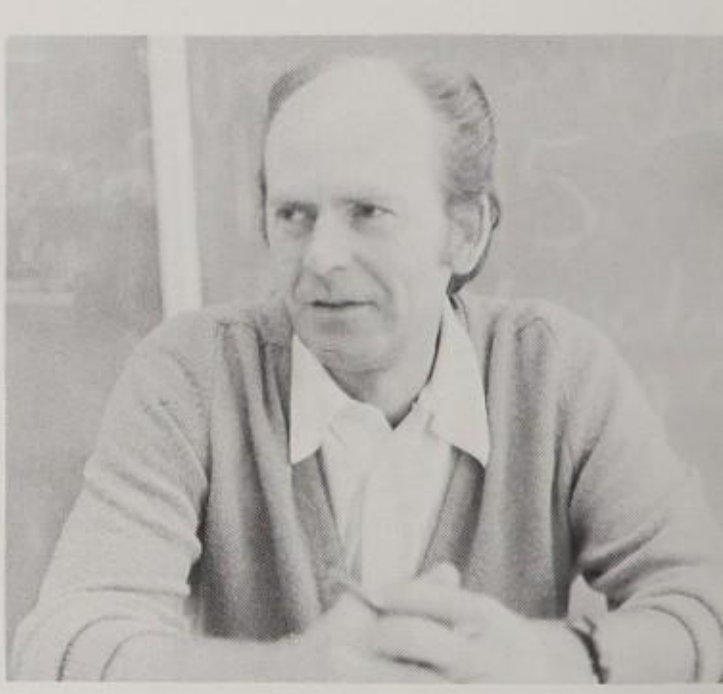
English Department Has Productive Year

Mrs. Penny Pertner

Miss Linda Hoder

English classes started the year by attending a play in Seattle. Along with the plays, the students liked being able to pick from a wide choice of classes, the ones they wished to take. This system of having the students pick their classes is better because they'll learn more in a class that interests them.



Mr. Curtis Holum

Mrs. Francis McConnell

Mrs. Audrey Boyer

Language Activities Vary

Mrs. Janine Rinehart

Miss Lillian Martin

This year began with many students enjoying the use of the language lab. As they worked on individual study, they not only learned the language, but also about the country and its customs. Many hope to benefit from the language they're taking in hopes of visiting the country later after high school.

MIDDLE LEFT: Teacher and parent enjoy French dinner. BOTTOM RIGHT: Duane M. serves at French Club dinner.

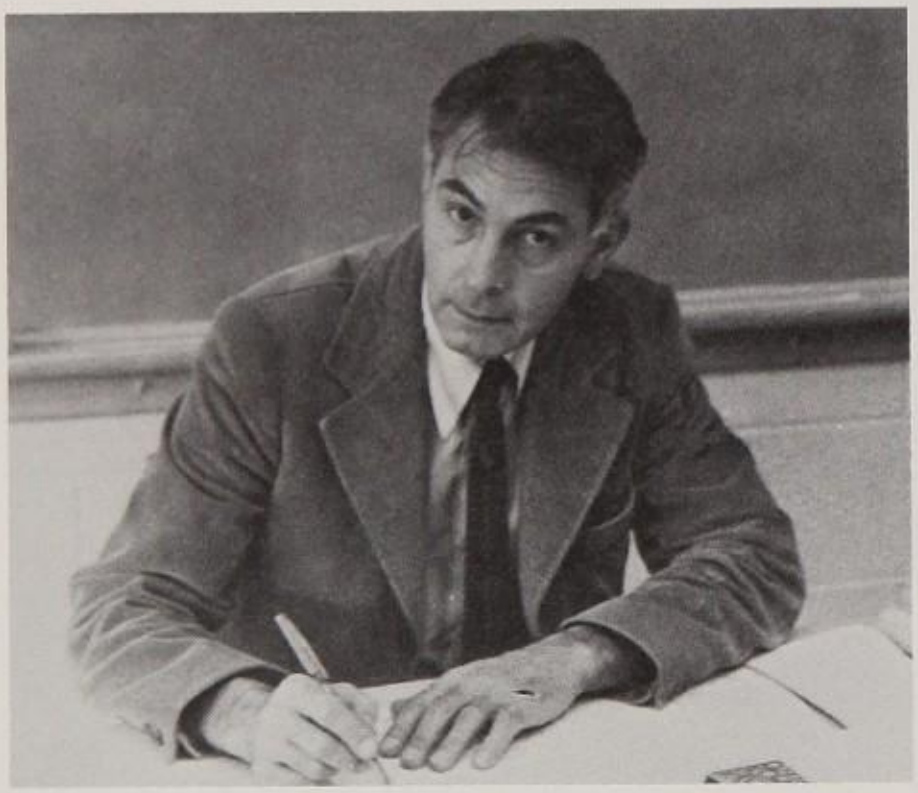
Math Department Gets Math Lab

Mrs. Judith Huson

Miss Miriam Hart



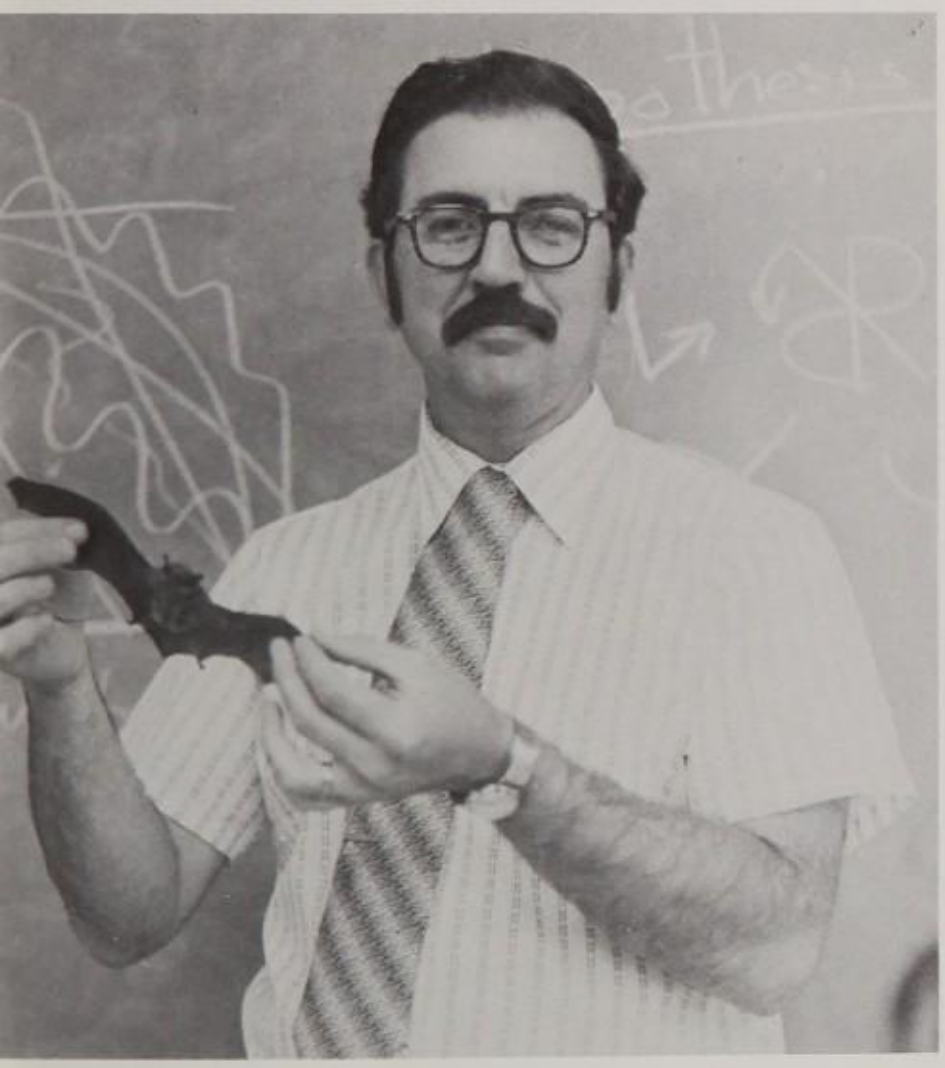
Mr. Russell Daniel

Now, there is consistent help for those who don't quite understand math. It's called the math lab, and it is in room 400. You can get help or just study the courses that the Math Department offers. Such as: refresher math, business math, pre-algebra, algebra, geometry, algebra 3/trigonometry, math analysis, introduction to computer programming and computer programming.

Mr. Alex Bennett

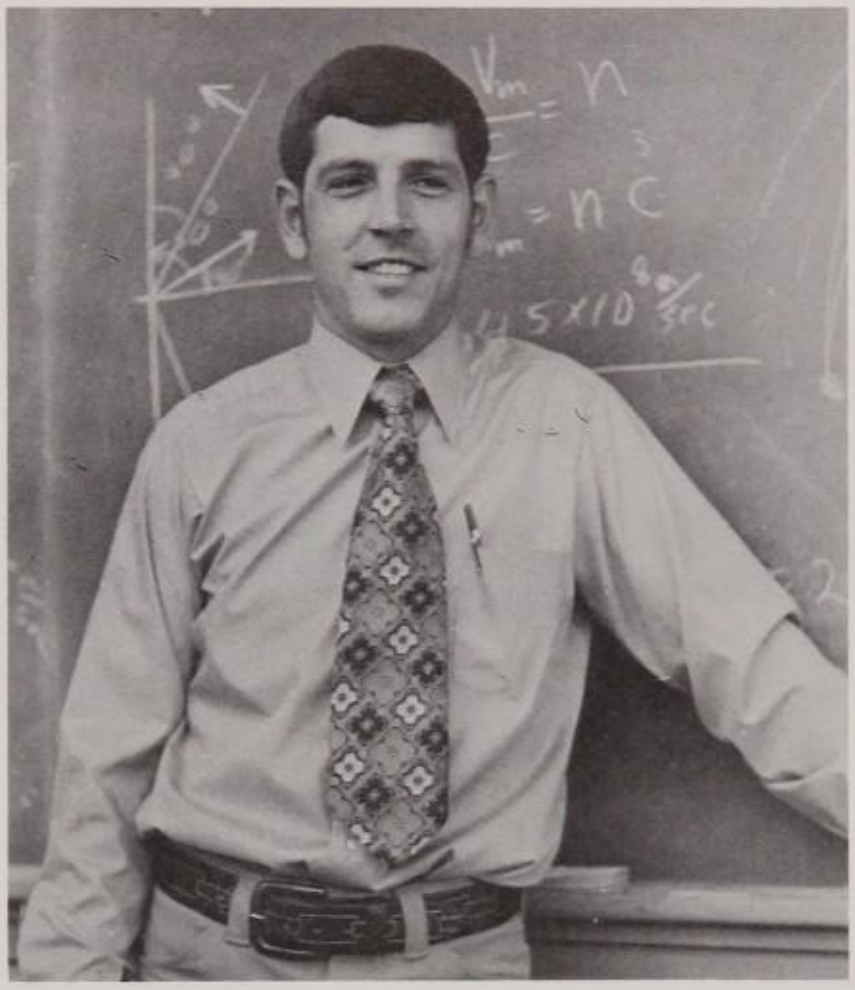
Future Scientists Need Money

Mr. Ted Berney

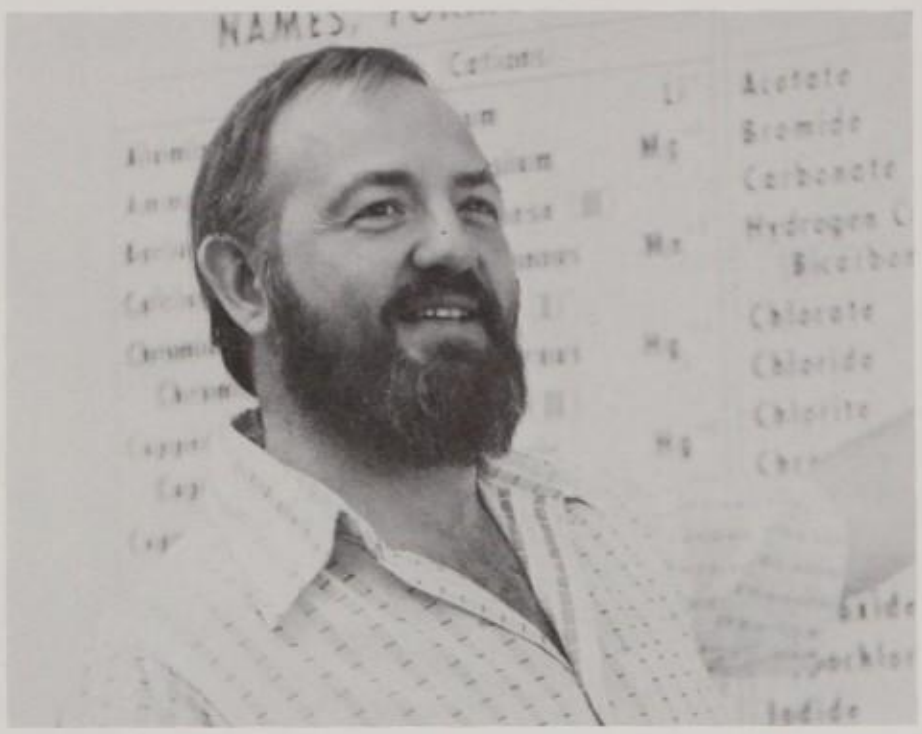


Mr. Russ Radden

This year the chemistry classes did not get any money to buy chemicals or any other supplies that ran out. The students had two choices; whether to pay $3.00 in lab fee or earn the money somehow. They chose to earn the money by selling popcorn afterschool on Fridays. The other courses; IPS- introduction to physical science, physics, biology and marine biology didn't have the same problem.



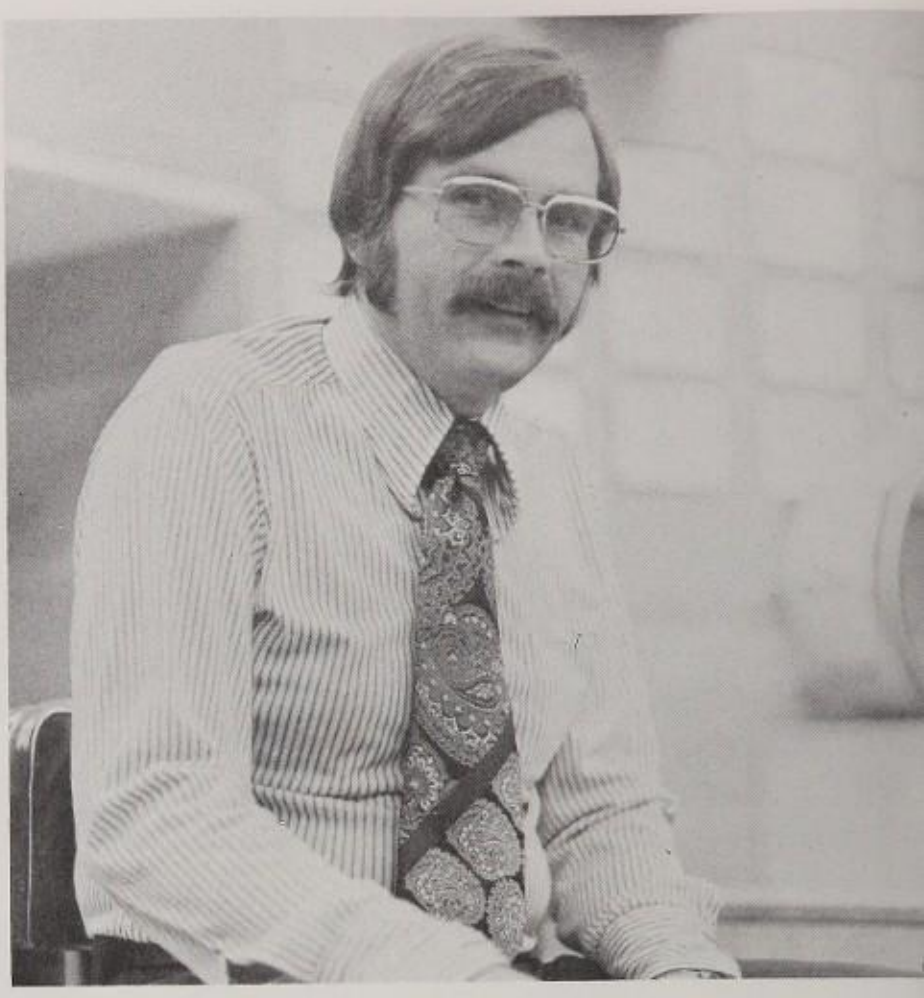
Mr. Bob Battermann



Mr. William Trezise

Fine Arts Develop Student Talent

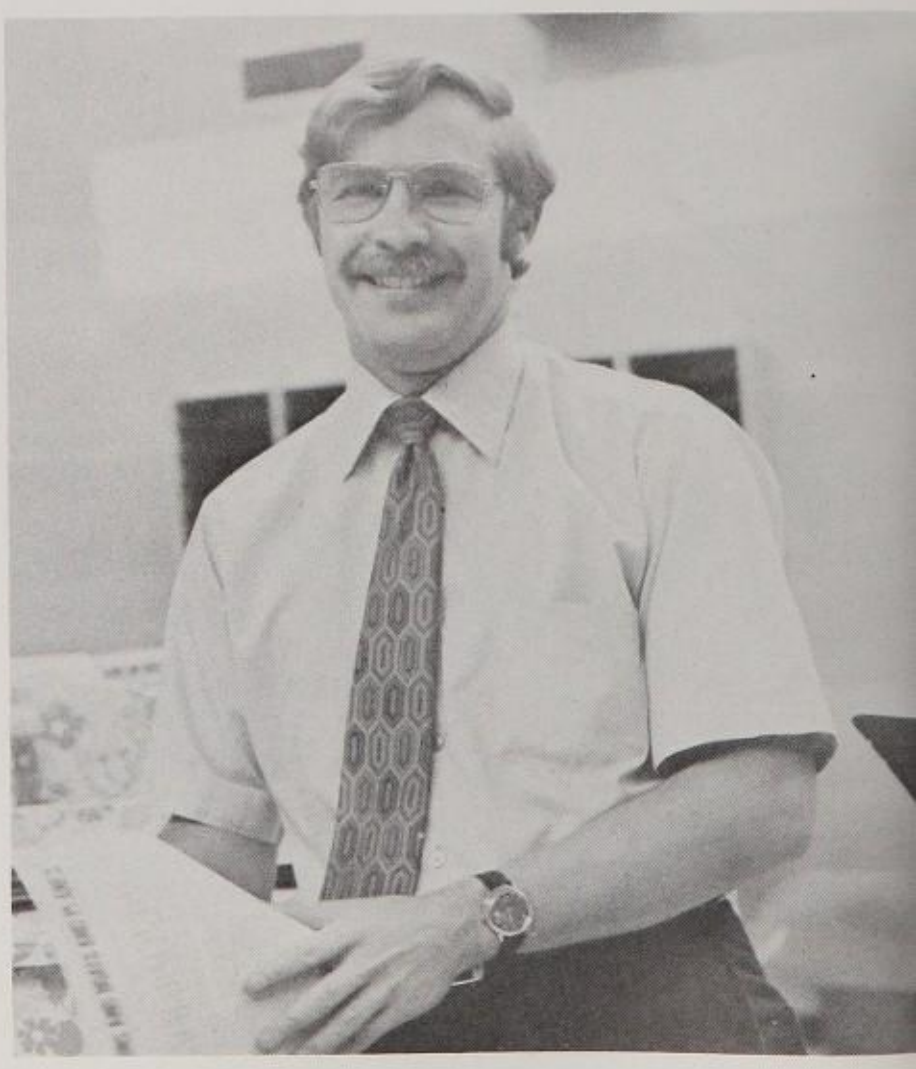
TOP LEFT: Teachers discuss half time performance.



Mr. Frank Stark

Through many hours of practice, games, and other events, the band, under the direction of Frank Stark, added much spirit and enjoyment throughout the year. The choral groups, directed by John Brown, performed for many concerts and were appreciated by those who attended. Talent of some students showed in their work in the halls. Many were inspired and helped by the new art teacher, Jack Dick.

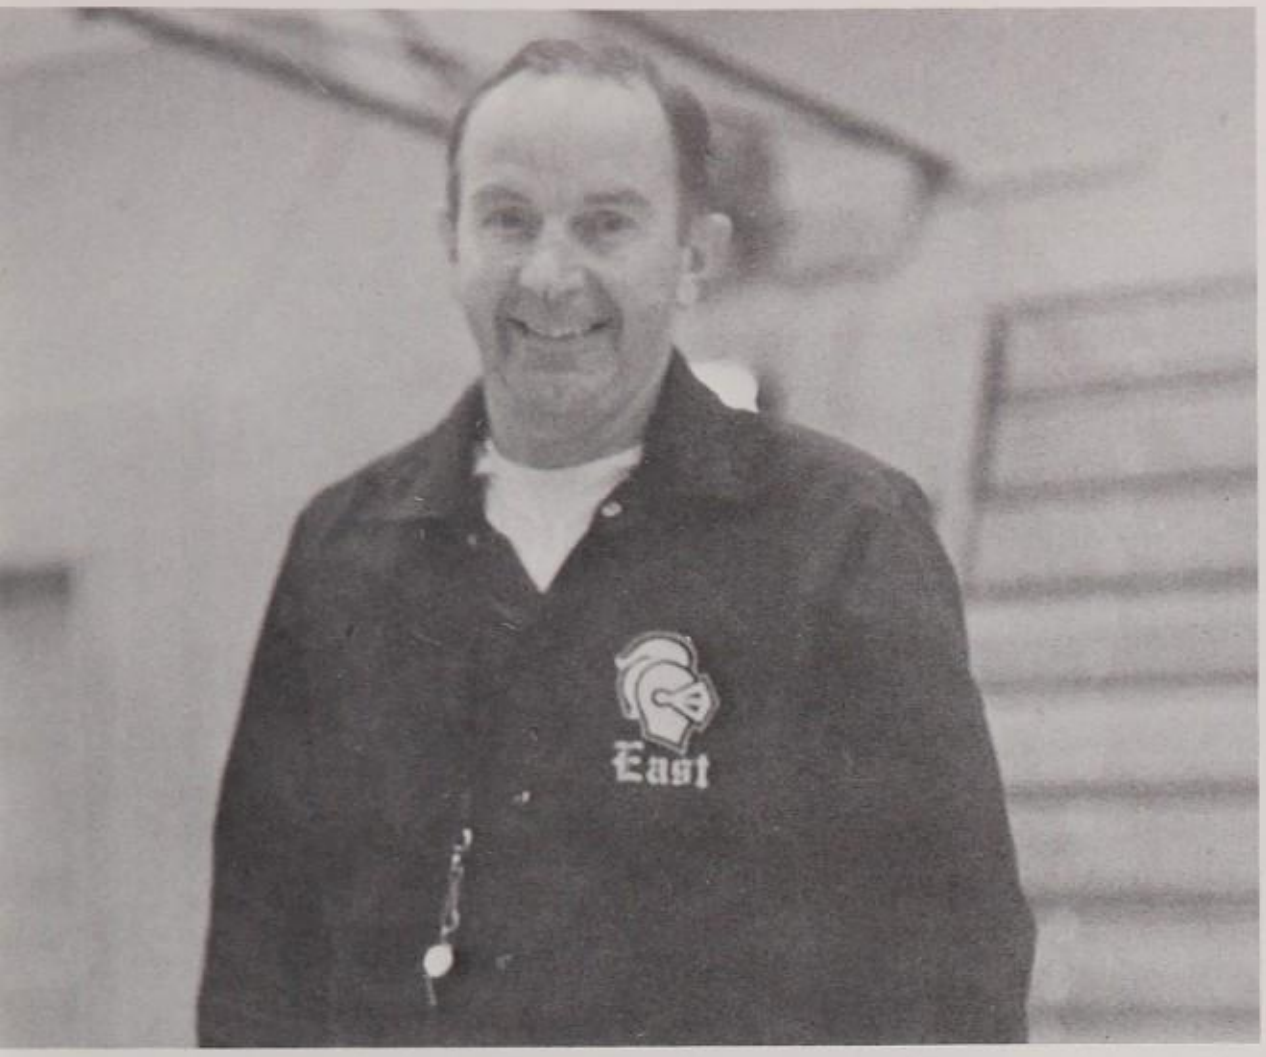
Mr. Jack Dick



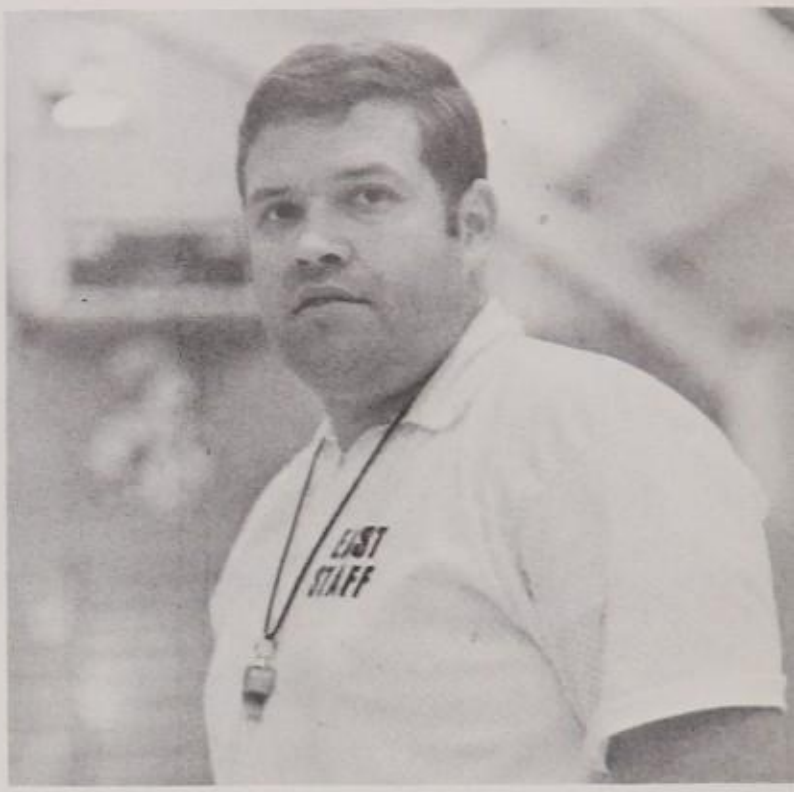
Mr. John Brown

P.E. Dept. Enjoys New Program

This year offered more students the chance to continue their fitness and fun in P.E. classes. With a new program, which offers all grades an opportunity to participate in P.E., many took the advantage and enjoyed it. This new program was a good opportunity for those who wished to major in P.E. or were there to have fun and learn.



Mr. Les Eathorne



Mr. Ron Gentry

Miss Joan VonLanken

Mrs. Christine Petig

Mr. Ron Vehrs

Mr. Frank Bratonia

The vocational department consists of many classes that helped to improve the students skills. This is done by providing classes such as home economics, auto mechanics, and many other classes. It's a good system to help to prepare the students for their future careers.

For the class of '74, another year at East was completed without incident. A few more grades, and a few more Friday nights, all added up to mark a major milestone, as the thought of being a Senior seemed strange to many Juniors. All in all, the class of 1974 could look back and reflect happily on a funfilled year.

Officers Do A Job

This year's Freshman class followed in the same footsteps that seventeen other Frosh classes have: trying not to get caught in embarrassing situations, figuring out what to do, before someone sees them, and staying out of sight on the first day of school. But in three short years, the class of 1976 will be on top, and then watch the sparks fly!

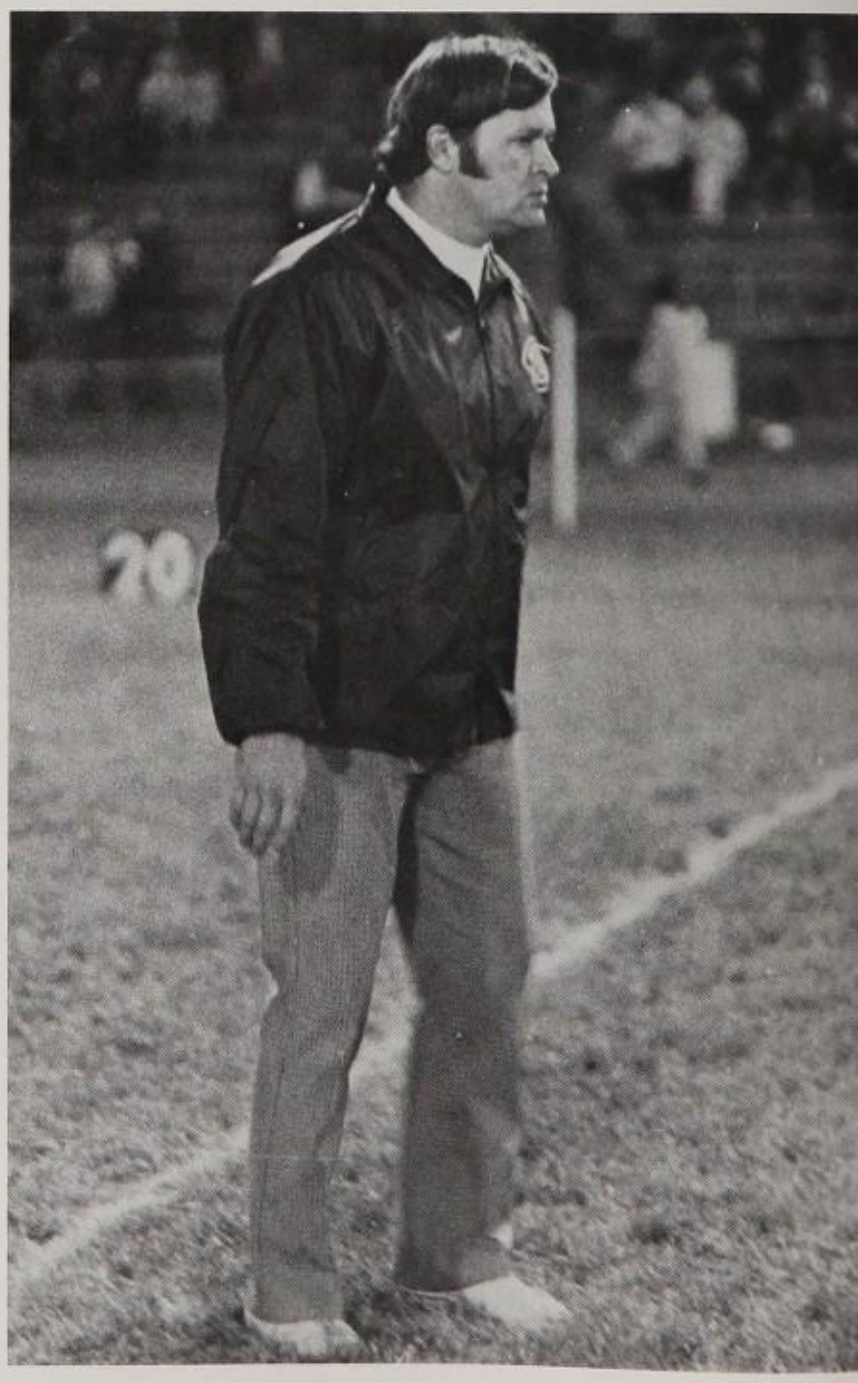
East High Football Team . . .

RIGHT: East High offense moves out. BELOW: Rick Parker evades West High tackler. BELOW RIGHT: Coach Berney looks on in anticipation. FAR RIGHT: East fans wait for their team.



Despite a disappointing first game loss to Curtiss this years football team had a very successful season. The only league loss was to Port Angeles and the season record was an exact reversal of last years 1-8 record. Five out of those eight victories were against triple A teams which helped give East a number five rating in the wire-service polls. However, the most important victory was the 27-13 win over West; the first time in four years the Knights have beaten West.

This year's freshman football team had a very good season. They had a record of 5 wins and only 1 loss, which resulted in a tie for first place. It wasn't very easy to do with all the competition from the other schools. But with the hard work from the players, and the fine coaching by Mr. Battermann and Mr. Comer, this sort of outcome wasn't surprising.

Cross Country Strides On

The Cross Country team of 1972-73 was headed by Coach Vehrs. Though the group was small in size the Knights demonstrated their power through victory. Each members responsibility was to do the best he could in all that was done. Through rain, wind, and other minor difficulties throughout the season, the Cross Country team proved successful in their efforts.

Class of 73 Crowns Laurie Muscat Queen

Accordingly, 1973 Homecoming followed all the traditions set down by the years past. The Top Ten selection, followed by the Top Ten assembly provided exciting moments for the girls participating. Coronation was as beautiful as anyone could hope for. Entertainment was provided by the East Stage Band and the Knightones, and amid it all Laurie was crowned Queen. Winning the football game against Battleground added to a Homecoming week that no one will ever forget.

Seniors Lead the Way

The year of '73 will always be remembered by the seniors, with announcements, caps and gowns, and college applications coming early in the year. The traditional Homecoming Coronation brought the seniors first place in the float competition with their float saying "Turn Battleground into Ground Round." The Senior Ball and commencement also lead to a busy year.

Practice Makes Perfect

The golf team spent many hot hours out on the golf course. To play a good game of golf, you must practice lots to improve your skills. This is what the East High Golf Team did...practice. Every Monday and Thursday the team went out to a golf course to improve and learn with the help of Curtis Holum. If you went out to a golf course on a warm Sunday, you would probably see one of the team members... practicing.

Frosh Baseball, A Good Start

Determination, practice, and experience are factors that make a good varsity team. This is the purpose of freshman baseball, to give young players more game experience and prepare them for varsity play. Although they may not have won all their games, the experience they gained will make for better varsity teams in the future.

Tight Game Proves Ability of Juniors-Sophomores

This years Powderpuff teams were very successful in both practices and especially when game time rolled around. The final score of the game was 28-26 with the Junior-Sophomore girls winning. An all out effort was made by the Senior-Freshman team to stop their opponent from winning. A special thanks to Larry Lindberg and Jerry Rye for the excellent refereeing done during the game.
